AUDIT BY CHARTERED ACCOUNTANTS

There has been in progress during the year an audit of the transactions affecting the public debt, including the accounts respecting the various loan flotations which have taken place since 1914, and the interest charges thereon down to the present time. The work has been conducted by Messrs. Edwards, Morgan and Company, Chartered Accountants, who have reported that "all sums properly accruing to the revenue from these flotations have been fully accounted for". The aggregate amount involved in these loans was over \$2,375,000,000. They further report that "the accounts respecting the redemption, transfer and exchange of bonds which form part of the above-mentioned issues have been verified and found to be correct". The accounts respecting the payment of interest are still under examination. In this connection it has to be stated, with regret, that the audit has disclosed misappropriations by a trusted official, who has since been sentenced, upon his own confession, to a term of imprisonment for the offence. Of the amount thus stolen, \$3,000 has been recovered.

12 GEORGE V, A. 1922

In accordance with the direction of your immediate predecessor the scope of instructions to Messrs. Edwards, Morgan and Company, has been extended to include an enquiry into the methods employed by the various departments for safeguarding the revenue, also a general stock-taking of the public assets with a view to having the same properly set out in future balance sheets.

The Public Accounts as presented herewith have also been audited by the said firm and their certificate is printed with the Balance Sheet.

Respectfully submitted,

J. C. SAUNDERS,

Deputy Minister of Finance.
